BIOGRAPHY

I am an experienced designer currently based in Montreal, QC and hailing from Mississauga, ON. I see myself as both a designer and an artist, and love taking opportunities to blend these practices in my work. I have trained as a multifaceted designer with an extremely diverse set of skills. I am a driven and goal oriented individual and I hope I can bring a unique and fresh perspective to your next project. Outside of the studio, I love to hike with my dog, take my camera for long walks, and cook in any of my remaining spare time. I am currently seeking both freelance jobs and longer term positions, contact me at one of my links below, or download my cv. I look forward to working with you!

EXPERIENCE

- **Assistant Designer**
MonstrARTity | Apr 2019 - Present
Duties include creating and designing marketing materials for print and online, maintaining consistent branding across the organization, all its activities and all market- ing collateral, creating animated GIFs and similar market- ing assets for online and broadcast use, and supporting the Marketing Lead and other team members in activities necessary for the organization.
- **Graphics Editor**
The Link | Sept 2017 - Jan 2019
Duties include overseeing the artistic content for each issue of the magazine, assigning illustrations to our contributors, taking feedback from editors and making emergency changes to graphics, as well as designing and executing various graphics inspired by articles written in the link magazine, keeping in mind the subject matter and audience.
- **Mural Planner & Illustrator**
City of Mississauga | Jan 2017 - Jun 2017
Duties included designing murals to be painted on equipment sheds and walls throughout public parks in Mississauga. These murals were then painted by myself and volunteers throughout the warmer months. Designing these required consideration for stenciling and colour consideration, public reception and ease of execution. 13 murals were executed overall and are visible throughout the city.

EDUCATION

- **Design & Computation Arts**
Concordia University | Sept 2017 - Present
Studying design at Concordia, I get to experiment with the power of visual communication and the built environment. Throughout my degree, I will study typography, photography, installation art, 3D rendering and computation arts, as well as considering the cultural, economic and environmental impact of my practice.
- **Diploma, Spec. in Design**
Port Credit S.S. | Sept. 2013 - Jun. 2017
While acquiring a standard high school diploma, Port Credit offered a variety of specialist classes in graphic design, layout design and photography, as well as industrial design and manufacturing. These classes gave me the platform I needed to get into the post secondary design program of my choice.
